Property Damage Claims Report
Claim Reference: CLM2024-03291

CLAIM PARTICULARS

Field	Details
Claim Number	CLM2024-03291
Policy Number	HO2024-00847
Date of Loss	12 July 2024
Date Reported	13 July 2024
Date of Inspection	15 July 2024
Cause of Loss	Severe thunderstorm — windstorm and hail
Loss Location	14 Greenfield Avenue, Bengaluru, Karnataka 560001
Claimant	Rajesh Mehta
Claim Handler	Ananya Krishnamurthy — Senior Claims Adjuster
Surveyor	Infrastructure Loss Surveyors Pvt. Ltd. — Ref: ILS-2024-1109

DESCRIPTION OF LOSS

On the evening of 12 July 2024, a severe thunderstorm with wind speeds recorded at 94 km/h at the nearest IMD station caused significant damage to the insured premises. The storm resulted in the following primary damage events:

- Roof tiles on the south-facing slope were dislodged across approximately 40 square metres, allowing ingress of rainwater into the first-floor master bedroom and attached bathroom.
- The compound wall on the western boundary (12 metres in length) collapsed due to wind pressure, causing secondary damage to an adjacent flowered garden area and one parking bay.
- A mature eucalyptus tree on the property fell onto the detached garage, fracturing two roof purlins and damaging the garage door roller mechanism beyond repair.
- Interior water damage was noted on first-floor ceiling plaster (approx. 18 sq. m.), two bedroom walls, fitted wardrobes, and floor tiles.
- Personal property damage: one 55-inch LED television, bedding, and clothing stored in the affected wardrobes were rendered total losses due to water saturation.

SURVEYOR'S ASSESSMENT

Infrastructure Loss Surveyors Pvt. Ltd. conducted a physical inspection on 15 July 2024. The following quantum of loss was assessed:

Item	Description	Assessed Loss (INR)	Remarks
Roof repair	Re-tiling 40 sq.m., waterproof membrane, 18 sq.m.	1,85,000	Contractor quote verified
Compound wall	Demolition and reconstruction, 12m x 1.8m	2,40,000	Structural engineer certified

Garage roof	2 purlins, roof sheets, door mechanism	95,000	Partial loss
Interior plaster	Ceiling + 2 walls, 18 sq.m. + 22 sq.m.	68,000	Includes painting
Floor tiles	Replacement of 24 sq.m. affected tiles	42,000	Matching tiles sourced
Fitted wardrobes	Two units — total loss	1,10,000	Depreciation 15% applied
Television (55-in)	Samsung QA55Q60C — total loss	62,000	Market value basis
Bedding / clothing	Itemised list attached — Annexure B	35,000	Depreciation applied
Subtotal		8,37,000	
Less: Deductible	Coverage A deductible	-10,000	
Less: Deductible	Coverage C deductible (personal property)	-15,000	
Net Payable		8,12,000	Subject to policy terms

COVERAGE VERIFICATION

Check	Finding	Status
Policy in force at date of loss	Policy period 01 Apr 2024 – 31 Mar 2025	CONFIRMED
Premium paid and up to date	Annual premium received 01 Apr 2024	CONFIRMED
Peril covered under Coverage A	Windstorm — open peril, no exclusion applies	COVERED
Peril covered under Coverage C	Windstorm named peril — water damage resulting	COVERED
Insured value adequate	Dwelling insured at INR 85L; estimated rebuild INR 60L	ADEQUATE
Flood exclusion applicable	Loss caused by windstorm, not flood. Exclusion not applicable	N/A
Subrogation potential	No third-party negligence identified	NIL

SALVAGE AND RECOVERY

Salvage value on the two written-off wardrobe units was assessed at INR 4,200. The television and bedding items have no salvage value. Insurer has waived the right to salvage the wardrobes; the claimant may retain them. No subrogation opportunity has been identified as the loss resulted from a natural weather event.

RECOMMENDATION

Based on the surveyor's report, coverage verification, and documentary evidence submitted by the claimant, the Claims Committee recommends settlement of this claim for a net amount of INR 8,12,000 (Eight Lakh Twelve Thousand Rupees Only). Payment to be made by NEFT to the insured's registered bank account within 7 working days of claim approval. The claimant has been advised to retain all contractor invoices for a period of 3 years for audit purposes.
